SECTION IV.

SCOPE OF WORK

1. INTRODUCTION

DWP operates the municipal water and sewer treatment utility that serving 43,463 customers. In response to the 2000-2001 California energy crisis, DWP began serving customers by offering competitive electric rates that would retain and attract businesses and jobs. DWP offers customers unbundled or Direct Access (DA) service – (where DWP provides the supply of electricity and Southern California Edison (SCE) provides physical distribution of electricity) and bundled (where DWP provides the supply of electricity and physical distribution of electricity) electricity services. DWP serves 2,400 customers with a peak demand of 27 megawatts and annual customer requirements of 145,000 megawatt hours. In 2017, the Corona City Council directed the staff to explore the feasibility of a CCA Program within the City boundaries.

2. ABOUT THE CITY

The City is located about 45 miles southwest of Los Angeles in Western Riverside County at the junction of Interstate 15 and State Route 91. The City is adjacent to the cities of Riverside and Norco and is bordered by the Cleveland National Forest to the south. Corona is a full service community encompassing 39.4 square miles, with an additional 32 square miles contained within the Sphere of Influence areas.

The City was established in 1886, incorporated in 1896 and undergone a transition from an agriculture-oriented community to one with a strong residential, commercial, and industrial base. Corona has more than: 43,000 residential units housing approximately 170,000 residents; 3,400 commercial businesses; 34 million square feet of industrial space; and 3 million square feet of office space existing, under construction, or planned offering more than 42,000 jobs.

Customers served by Southern California Edison for the period July 1, 2015 to June 30, 2016 include:

	Total	Total	Non-Coincident
	Customer	Sales	Peak Demand

* SCE does not currently measure demand for residential accounts			

* DA customers purchase their power supply from an electric service provider (ESP) other than the incumbent Investor-Owned Utility. In California, eligibility for DA enrollment is currently limited to retail non-residential customers and enrollment is based on an annual lottery.

In 2012, the City adopted a Climate Action Plan that contains goals and policies for environmental responsibility in development and operations. The preparation effort included the establishment of a baseline community-wide greenhouse gas (GHG) emissions inventory (2008 baseline), a methodology for tracking and reporting emissions, and GHG reduction strategies.

In 2013, City Council initiated a strategic planning process to identify community priorities and key issues. The result was a Strategic Plan completed in March 2014 that addresses the City's unique needs, establishes realistic priorities, and focuses the City resources on the priorities identified in the plan. The creation of the strategic plan included input from the City Council, key staff, residents, the business community and other key stakeholders. The result is a plan that will serve as a blueprint for the organization in how future decisions are made.

Economic Development goals and policies intended to promote a strong and diverse economic base are contained within the City's General Plan as well as growth projections and planned changes in land use.

For more information about the City please refer to the website at:
www.coronaca.gov

3. COMMUNITY CHOICE AGGREGATION

State law authorizes cities, counties or group of cities and counties, acting as a CCA to combine the electric loads of their constituents and provide the supply of electricity while SCE continues to transmit and deliver that electricity through its existing facilities.

Counties and cities that provide CCA services in their communities include: Marin Clean Energy; Sonoma Clean Power, Lancaster Choice Energy; Clean Power SF; Peninsula Clean Energy; Silicon Valley Energy Authority; Redwood Coast Community Energy; and Apple Valley Choice Energy.

4. INLAND CHOICE ENERGY (ICE) CCA

Corona is a member of the Western Riverside Council of Governments (WRCOG). In 2016 WRCOG participated with the Coachella Valley Association of Governments (CVAG) and the San Bernardino Association of Governments (SANBAG), collectively named the ICE, in a study evaluating the feasibility of becoming a CCA. The objective was to evaluate the: costs and resulting rates of operating a CCA compared to SCE's rates; potential to increase renewable resources in their power supply resource mix; advantages of local control over energy resources; reduction in greenhouse gases; and opportunities to increase economic development. The study concluded that the formation of a CCA is financially feasible and results in beneficial environmental/economic impacts.

The SANBAG Board recently decided to not proceed any further with a CCA. WRCOG and CVAG are continuing to evaluate creating a new or joining an existing CCA program. Both the County of Riverside and the City of Rancho Mirage are evaluating becoming stand-alone CCAs.

For your information, here is the link to the final ICA feasibility study dated December 8, 2016:

http://cvag.org/library/pdf_files/enviro/CCA_CVAG_WRCOG_SBCOG_Final_Feasibility_Study%2012_08_16.pdf.

5. CCA PROGRAM GOALS

The purpose of the CCA Business Plan is to evaluate strategies, tactics, and planning tools for developing a CCA program consistent with the following goals:

- Work collaboratively with City representative(s) to reach consensus on key assumptions, strategies and findings.
- Offer competitive rates equal to or lower than SCE or other DA suppliers and a lower rate escalation than SCE or other DA suppliers over time.
- Achieve the highest percentage of renewable energy sources that are cost competitive and meet or exceed the California Renewable Portfolio Standard (RPS).
- Promote economic development.
- Implement an integrated resource plan with overall lower GHG emission equal to or lower than SCE.
- Provide additional sources of revenue to fund City programs and mitigate the additional short-term and long-term financial requirements.

6. REQUESTED SCOPE OF WORK

In order to frame the necessary work program, the following sections outline a bullet point list of topics and tasks that have been identified as being necessary to be included in the CCA Business Plan. Respondents to this RFP are encouraged to include in their proposal, as an addendum, other important topics and tasks to be part of the CCA Business Plan.

Resource Plan:

- Request/receive additional historical load data from SCE.
- Assess the likelihood of SCE customers currently taking service under DA arrangement becoming participants in the City CCA and include or exclude this load in the forecast.
- Determine the number of customer accounts (SCE bundled and DA customers) that are likely to be served by the CCA and their load characteristics.
- Develop a short (one to two year) and long-term (five to twenty year) integrated resource plan and prioritize potential load reduction from energy efficiency, distributed generation, and demand response programs.
- Determine the opt-out rates to evaluate the required retention rate to cover all operating expenses.
- Developed an electric load and load shape forecast and assess the value/feasibility of phasing-in each customer classification.
- Calculate electricity procurement requirements based upon factors such as load profiles, line losses, RPS compliance requirements and resource adequacy obligations.
- Prioritize the use and development of cost effective local renewable resources.
- Assess the cost-effectiveness of energy storage on the CCA's renewable energy resource mix.
- Evaluate three supply portfolio scenarios consistent with the: existing RPS compliance requirements; proposed State Senate Bill 100 with RPS of 50% by 2026 and 60% by 2026; and RPS of 75% by 2025 and 100% by 2030.
- Impact of the alternative resource plans on GHG emissions compared to SCE's resource mix.

Forecast Cost of Power:

- Wholesale system power.
- Renewable purchases.
- Procurement of required resource adequacy capacity.
- California Independent System Operator (CAISO) charges and fees.
- SCE nonbypassable charges.
- Other power supply and charges.

Forecast Non-Power Supply Costs:

- Identify opportunities to integrate/expand existing DWP capabilities and programs to assist the CCA activities.
- Start-up activities and costs.

- Assess the advantages and disadvantages of: outsourcing the CCA operations; hiring staff to manage the operations; or combination of hiring staff and contractors.
- Staffing and third-party contractor costs.
- SCE service fees and additional California Public Utility Commission (CPUC) governance and regulatory requirements for CCAs.
- Other non-power supply costs.

SCE Rate Analysis:

- Review current and historic SCE rate trends, structures, regulatory requirements and pending rate proceedings to develop rate projections over a 20-year forecast time horizon.
- Evaluate the impact of high and low:
 1. Natural gas prices;
 2. Wholesale power prices;
 3. Inflation;
 4. Hydroelectric generation;
 5. RPS requirements; and
 6. Overall macro-economic conditions.

Cost of Service Analysis:

- Provide insight into how to best achieve the CCA goals and capture those activities in the modeling.
- Characterize and evaluate feed-in tariff and net metering programs.
- Determine the required operating and capital reserve requirements.
- Develop a 20-year cash flow forecast that calculates the required level of working capital.
- Develop a financing plan to fund anticipated start-up and working capital requirements.
- Identify strategies for reducing costs, enhancing customer benefits and mitigating risks.
- Compare and describe the forecasted operating results with existing CCA programs in other jurisdictions.
- Assess the advantages and disadvantages of: SCE customers in Corona remaining with SCE; joining the proposed ICE CCA; or expanding DWP electric service offering from bundled and DA to CCA and the preferred implementation.

Risk Analysis:

Analyze the potential risks and outline risk mitigation measures, including but not limited to:

- Financial risk to the City in the event that the CCA revenues are less than the operating costs.
- Decisions at the CPUC that change the compliance requirements of CCA or the SCE non-bypassable charges.
- Significant portion of SCE's load moving to CCA.
- Changes in State law that increase the RPS requirements or affect the ability of the CCA to be competitive.

- Ability to procure sufficient cost-competitive renewable energy resources to meet the RPS requirements.

Sensitivity Analysis of key assumptions on program costs:

- Market prices for system energy.
- Market prices for renewable energy.
- SCE generation rates and non-bypassable customer surcharges.
- Customer opt-out rates.

Report

- Prepare a draft CCA Business Plan for DWP review that details the results of the feasibility study, including recommendations for CCA implementation and an assessment of the overall cost-benefits analysis. Costs will include upfront program development and implementation costs as well as the net customer benefit over the forecast period.
- Reach consensus with City staff on proposed changes and revise the draft CCA Business Plan.
- Develop presentation material and deliver presentation summarizing the CCA Business Plan and recommendation to the City.

6. THE CITY'S ROLE

The chosen consultant is expected to work collaboratively with City representatives to reach consensus on key assumptions, strategies and findings. Updates will be provided to decision makers throughout the study to a City Council Committee or to the whole City Council at a study session as determined by the Assistant General Manager of DWP. The proposal should clearly describe the approach to working with city staff and the amount of coordination/response time anticipated.

7. PROPOSED SCHEDULE

Proposals must contain an estimated time schedule of actions to complete the CCA Business Plan.

Consultant shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. The City shall not be responsible for any costs or expenses related to Consultant's compliance with the requirements provided for in Section 3.2.9 or any of its sub-sections.

3.2.9.2 Employment Eligibility; Subcontractors, Consultants, Sub-subcontractors and Subconsultants. To the same extent and under the same conditions as Consultant, Consultant shall require all of its

3.4 Termination of Agreement.

3.4.1 Grounds for Termination. City may, by written notice to Consultant, terminate the whole or any part of this Agreement at any time and without cause by giving written notice to Consultant of such termination, and specifying the effective date thereof, at least seven (7) days before the effective date of such termination. Upon termination, Consultant shall be compensated only for those Services which have been adequately rendered to City, as well as any authorized reimbursable expenses, and Consultant shall be entitled to no further compensation. Consultant may not terminate this Agreement except for cause.

3.4.2 Effect of Termination. City reserves the right to select the method of document reproduction and to establish where the reproduction will be accomplished. The reproduction expense shall be borne by City at the actual cost of duplication. 3.5.2 Subconsultants. Consultant shall require all subconsultants to agree in writing that City is granted a non-exclusive and perpetual license for any Documents & Data the subconsultant prepares under this Agreement. Consultant represents and warrants that Consultant has the legal right to license any and all Documents & Data. Consultant makes no such representation and warranty in regard to Documents & Data which were prepared by design professionals other than Consultant or its subconsultants, or those provided to Consultant by the City.

3.5.3 Right to Use. City shall not be limited in any way in its use or reuse of the Documents and Data or any part of them at any time for purposes of this Project or another project, provided that any such use not within the purposes intended by this Agreement or on a project other than this Project without employing the services of Consultant shall be at City's sole risk. If City uses or reuses the Documents & Data on any project other than this Project, it shall remove the Consultant's seal from the Documents & Data and indemnify and hold harmless Consultant and its officers, directors, agents and employees from claims arising out of the negligent use or re-use of the Documents & Data on such other project. Consultant shall be responsible and liable for its Documents & Data, pursuant to the terms of this Agreement, only with respect to the condition of the Documents & Data at the time they are provided to the City upon completion, suspension, abandonment or termination. Consultant shall not be responsible or liable for any revisions to the Documents & Data made by any party other than Consultant, a party for whom the Consultant is legally responsible or liable, or anyone approved by the Consultant.

3.5.4 Indemnification. Consultant shall defend, indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless, pursuant to the indemnification provisions of this Agreement, for any alleged infringement of any patent, copyright, trade secret, trade name, trademark, or any other proprietary right of any person or entity in consequence of the use on the Project by City of the Documents & Data, including any method, process, product, or concept specified or depicted.

3.6 General Provisions.

3.6.1 Delivery of Notices. All notices permitted or required under this Agreement shall be given to the respective Parties at the following address, or at such other address as the respective Parties may provide in writing for this purpose:

Consultant:

INSERT NAME, ADDRESS & CONTACT PERSON

Such notice shall be deemed made when personally delivered or when mailed, forty-eight (48) hours after deposit in the U.S. Mail, first class postage prepaid and addressed to the Party at its applicable address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.6.2 Indemnification. To the fullest extent permitted by law, Consultant shall defend (with counsel of City's choosing), indemnify and hold the City, its directors, officials, officers, employees, volunteers and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, to the extent arising out of, pertaining to, or incident to any alleged willful misconduct or negligent acts, errors or omissions of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's Services, the Project or this Agreement, including without limitation the payment of all settlement

amounts, expert witness fees and attorneys fees and other related costs and expenses. Consultant's obligation to indemnify shall survive expiration or termination of this Agreement, and shall not be restricted to insurance proceeds, if any, received by the City, its directors, officials officers, employees, agents, or volunteers.

3.6.3 Governing Law; Government Code Claim Compliance. This Agreement shall be governed by the laws of the State of California. Venue shall be in Riverside County. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Consultant must comply with the claim procedures set forth in Government Code Sections 900 *et seq.* prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Consultant. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Consultant shall be barred from bringing and maintaining a valid lawsuit against the City.

To the extent that this Agreement is deemed to be a "material contract" under either of the CUA Management Agreements, Consultant has no right to terminate this Agreement, either with or without cause, based upon the existence or non-existence of either or both of the CUA Management Agreements. Therefore, if an applicable CUA Management Agreement expires or terminates for any reason, Consultant shall remain fully obligated to perform under this Agreement with the CUA or another third party contracted by the CUA for the maintenance, management and operation of the applicable utility system.

All references to Consultant include all personnel, employees, agents, and subconsultants of Consultant, except as otherwise specified in this Agreement. All references to City include its elected officials, officers, employees, agents, and volunteers except as otherwise specified in this Agreement. Further, Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. Consultant further agrees to file, or shall cause its employees or subconsultants to file, a Statement of Economic Interest with the City's Filing Officer as required under state law in the performance of the Services. For breach or violation of this warranty, City shall have the right to rescind this Agreement without liability. For the Term of this Agreement, no member, officer or employee of City, during the term of his or her service with City, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

3.6.13 Cooperation; Further Acts. The Parties shall fully cooperate with one another, and shall take any additional acts or sign any additional documents as may be necessary, appropriate or convenient to attain the purposes of this Agreement.
